(c) and (d) No representation has been received from Government of Gujarat recently for reducing the fuel cost. However, the Government of Gujarat had taken up with Ministry of Petroleum and Natural Gas the issue of supply of LSHS to Dhuvaran TPS (534 MW) of Gujarat Electricity Board (GEB) on the basis of the negotiated price formula. Following the Government decision to dismantle the administered price mechanism* with effect from 1-4-1998, the Indian Oil Corporation had started raising bill on import parity prices. On account of this, the LSHS supply bills went up substantially. Ministry of Petroleum and Natural Gas have intimated the Government of Gujarat that according to the decision of Government of India on 1 -9-1997, the supplies of LSHS to Dhuvaran Power Station of GEB would be made on import parity price. The pricing of Naphtha, LSHS etc. have been decontrolled from 1-4-1998.
